Article 33(1) of the REACH Regulation (EC 1907/2006)

Dear Sir or Madam

We hereby confirm that all products manufactured by LAMTEC Meß- und Regeltechnik für Feuerungen GmbH & Co KG comply with the requirements of the REACH regulation (Registration, Evaluation, Authorization and Restriction of Chemicals)

REACH is a comprehensive regulation of the European Union that governs the registration, evaluation, authorization and restriction of chemicals. It aims to protect human health and the environment from the risks of chemical substances.

Our products and their ingredients have been checked and registered in accordance with the REACH regulation. We ensure that all chemicals used in our products are either registered, fall under the applicable exemptions or are exempt from the authorization requirement.

Furthermore, we adhere to the provisions of REACH with regard to the communication of information along the supply chain. We ensure that our customers receive all relevant information on the safe use of our products in accordance with REACH regulations.

We are committed to ensuring compliance with all relevant environmental regulations, including REACH, to protect the health and safety of our customers and the environment.

For further information or more specific evidence, please do not hesitate to contact us.

Yours sincerely,

LAMTEC Meß- und Regeltechnik für Feuerungen GmbH & Co. KG
